Project Mission:

Specific Objectives of the Project:

- 1) Provide an incentive and guidelines for purchase and most efficient placement of AEDs in higher incident/higher risk locations.

- 4) Encourage municipalities to partner with King County EMS on the Shockingly Simple Campaign to promote PAD awareness in your communities

Deliverables:

- 1) Provide a Project Rampart liaison to coordinate with King County EMS.
- 2) Provide training in CPR/AED to 60 city employees. This training can be reimbursed by Project Rampart as follows:
 - A maximum of \$46.00 per hour and no more than 1 instructor per class (exceptions must be approved by the CPR/AED Program Manager):
 - 3 hour maximum for Basic CPR Training;

- 7) Coordinate any private foundation, sponsorship, donation, and/or volunteer activities related to the purchase and placement of AEDs and AED training in private residences or private facilities within your city.
- 8) Coordinate contract activities with EMS to receive RAMPART funding. Submit quarterly invoices for reimbursement, including original Invoices using Exhibit C for all purchases and workforce training reports.

Public Health – Seattle & King County, Emergency Medical Services Division, will:

- 1) Provide a Project Rampart Program Manager liaison to coordinate with each Municipality.
- 2) Provide training to King County employees.
- 3) Coordinate the KC Public Access Defibrillation Program. Conduct PAD Public Awareness Campaign as directed in the EMS 2008 – 2013 Strategic Plan.
- 4) Maintain King County PAD Registry. Ensure that all AEDS in King County government facilities are registered with the King County PAD Registry.
- 5) Provide AED site guidance activities related to proper placement, training and maintenance of the AEDS for all KC government AEDS in public facilities.
- 6) Provide incentive funding to Municipalities via contract. Funding allocation to be based on city public employee count and number of public AEDs registered.
- 7) Pay quarterly invoices.
- 8) Send Quarterly PAD Registry Reports to City Fire Departments. Provide cardiac arrest data for trending and identification of high risk locations.

Contract Reporting Requirements:

The agency shall comply with the following reporting requirements during the contract period:

- A. Invoices shall be submitted for reimbursement of Project RAMPART expenses quarterly, and no later than July 15th, Sept. 15th and December 15th.
- B. Documentation of Instructor Fees
 - 1) A course roster (Exhibit D) for each CPR/AED course taught to city employees must be submitted with the RAMPART invoice. The course roster must include a) instructor name, b) date of class, c) type of class taught, d) number of class participants, and e) the number of hours of instruction taught.
 - 2) This training can be reimbursed at a maximum of \$46 per hour for one instructor. If course size is over 15 students, one additional instructor may be brought in for the 2nd or 3rd hour of the class for practical work on manikins. If payment of instructors must exceed \$46 per hour, the agency must pay the extra cost.
- C. AED Purchases
 - 1) You must purchase AEDs using pricing from the WA State contract #01710. More information and price lists are available on www.des.wa.gov. Just put the contract # on your Purchase Order for the vendor of your choice and you should get reduced pricing. After delivery, include the original vendor invoice with your RAMPART invoice for reimbursement. At minimum, we recommend purchase of 1 wall mount, 1 carrying case and 1 extra set of pads for each AED purchased. We do not recommend buying an extra battery at the time of AED purchase, because they have a life of about 4 years. You may buy batteries for Project RAMPART for AEDs purchased in previous years.
