Project Vision

VISION: The Burien Parks, Recreation & Cultural Services Department's purpose is to enrich and inspire our community through quality experiences, people and places.

MISSION: The Burien Parks, Recreation & Cultural Services Department will promote a healthy, livable community with opportunities for physical activity as well as personal and cultural enrichment.

FACILITY VISION: The Burien Community Recreation Center, "where the community comes together", unites the City through a celebration of the cultural diversity and multi-generational flavors of active and passive recreational experiences, with a variety of amenities and programs.

Project Vision Goals

- Replace the existing Burien Community Center and Senior Center with a multigenerational facility that serves people of all ages and abilities
- Offer a wide range of activities that promote social interaction, culture, wellness, and recreation for all age groups
- Create a multi-use facility through flexible scheduling and programs that respond to the changing interests and growth of Burien
- Reinforce a “civic campus” to serve the recreation and community needs with connectivity to Dottie Harper Park and the Town Square
- Reflect a character and identity that captures the qualities and spirit of Burien

Project Vision Goals

- Integrate green design practices into the building and site design
- Develop financial and programming partnerships with private and public providers
- Create a facility design that can be efficiently operated and maintained, while providing outstanding service to its users
- Provide a facility plan that is financially feasible, affordable, and sustainable
- Include an implementation plan and expansion strategy
- Complement but not duplicate services available to the community
