Subject: forth of july/fireworks ban lifted/tax dollars for the city

Dear Council,

I am asking the Council to look into lifting the current law that the city has and lift the ban on fireworks this coming Forth of July this summer...and maybe have fireworks venders sell them in our city. Please let me explain why i think this law is unfair. For starters every year Burien (around dusk) on the 4th sounds like would war 3,...and it gets even worse till

12.30 a.m. for years i tryed to be a good citizen and told my kids NO FIREWORKS. but it never fails the all of burien blocks light off with the noise makers while my kids (when they were younger) would just watch and ask me is it fair? that they couldnt be part of the celebration. this WAS and STILL is unfair. also look at all of the tax dollars that the city could be collecting from the vendors that sell the noise makers. After all the city could pay to have another freaked out looking clock put in and the tax payer wouldnt have to have his/her taxes raised for such a wast of money .so please let freedom ring lift this ban

thank-you
